

Parent Back to School Night

We have had a terrific start to the 2011-2012 school year. We had a wonderful turn-out at Orientation. We would like to continue to involve parents throughout the year. Your attendance and participation is a key part of your child's education.

As part of Nathan Hale's flexibility proposal we are organizing Parent Back to School Nights throughout the month of October. We will **NOT** be hosting Parent Back to School Night on Wednesday, September 14, 2011. Listed below is the date your child's homeroom teacher will meet with parents. You will be able to ask general questions and hear about what your child is learning. This is a **parent event**. (No children please.) Parents will be provided with information about homework, the curriculum, and other school wide events. This is *NOT* parent conference night. Conferences will take place in November.
