January 2009

Dear Parent or Guardian:

As part of our commitment to offering the best education possible for all of our students, we have implemented a more consistent procedure for providing homework assignments to students who have been suspended for 3 days or more.

Beginning January 19, 2009 students who are suspended for 3 days or more will have an assigned date and location in which parents/guardians can collect homework assignments from the school. Parent(s)/Guardian(s) can pick up the homework assignments in the main office of the school on the third day from the original suspension date. Please be assured that students will receive full credit for completed homework. This process has been designed to maximize learning and keep students schoolwork updated even when a child is suspended from the school.

Students who are suspended less than 3 days will adhere to the existing procedure in which they will make up all classwork and homework upon their return to school and will receive full credit for assignments completed.

It is our goal that this homework procedure for suspended students will help them to become successful learners. We will continue to monitor the effectiveness of the homework procedure for suspended students and make modifications as needed.

We are working to ensure that your child has every opportunity for learning and appreciate your cooperation and support in this effort. If you have any questions regarding this procedure, please contact your school Principal for additional information.

Sincerely,

Reginald Mayo, Ph.D.
Superintendent of Schools
